

WARREN BERRY

ASSOCIATE, DAYTON AEROSPACE, INC.

PROFILE

Nearly 35 years of direct experience leading and managing highly complex aerospace programs as an acquisition and logistics leader. Known for strategic leadership and enterprise logistics expertise. Led organizations to reach daunting goals by building and motivating collaborative teams who use their diversity and creativity to build timely, elegant solutions. Worked at the highest level of the United States Air Force (USAF) where portfolio included three diverse functional areas (maintenance/logistics, civil engineering, and force protection), encompassing 280,000 personnel and nearly \$40B in resource authority and oversight. Driving force behind developing a new sustainment strategy and then operationalizing it to bring improved performance and readiness at lower cost. Fundamentally altered the USAF's facility and infrastructure strategic investment processes, substantially improving the health of a \$375B physical plant. Held leadership positions in a variety of major acquisition and logistics organizations to include: Deputy Chief of Staff for Logistics, Engineering and Force Protection; Headquarters (HQ) USAF, Pentagon; Vice Commander, Air Force Materiel Command (AFMC), Wright-Patterson Air Force Base (WPAFB); Director of Logistics, HQ Air Mobility Command (AMC), Scott AFB; Director of Logistics, Installations and Mission Support, HQ USAF in Europe and Air Forces Africa, Ramstein; and Commander, 78th Air Base Wing, Robins AFB. Lt General, USAF (Ret).

PRINCIPAL AREAS OF EXPERTISE

- Strategic Planning & Execution
- Executive/Strategic Leadership
- Critical Thinking & Executive Problem Solving
- Sustainment & Logistics

WORK HISTORY

Associate | Dayton Aerospace, Inc.
2023-present, Dayton, OH

Provide senior-level, strategic planning, business capture, and organizational efficiency support to government and aerospace industry customers with major programs.

Deputy Chief of Staff for Logistics, Engineering and Force Protection | Headquarters U.S. Air Force
2018-2022, Pentagon, Arlington, VA

Solely responsible for effective resourcing, talent management, and operation of four diverse business areas encompassing 40% of the USAF budget and 280,000 personnel. Created and operationalized a new sustainment strategy to fundamentally improve the USAF's materiel readiness across a \$27B enterprise. Drove process discipline to operational line units using commercial best practices to deliver performance improvements up to 85%. Inculcated new operational procedures and human resource requirements to address future warfighting demands, ensuring successful sustainment performance in contested environment.

Vice Commander, then Deputy Commander | Headquarters Air Force Materiel Command (HQ AFMC)
2015-2018, Wright-Patterson AFB, OH

Assisted the Commander in leading 80,000 people and a \$60B budget to deliver game-changing capabilities and after-market sustainment to USAF weapon systems. Led a multi-functional team to identify and remove enterprise constraints, greatly enhancing USAF readiness and mission effectiveness.
